

JOINT LETTER TO REGINA PUBLIC SCHOOL BOARD TRUSTEES
Delivered October 29, 2013

Dear Trustees,

We oppose the board's decision not to seek heritage designation for Connaught School, and call on you to reverse an unconscionable decision. We say this because:

- ▶ The motion against pursuing heritage status was presented without notifying or discussing it with the school community. This is unconscionable.
- ▶ It devalued substantial community input received in formal consultations, and ignored the trustee who actually lives in and represents the community. This is unconscionable.
- ▶ It countered community efforts to responsibly research all options for the richest possible learning environment for our children. This is unconscionable.
- ▶ It turned its back on a nation-wide and international networks of experts willing to facilitate partnerships and research. This is unconscionable.
- ▶ It plunged us further down a road of no return, without the research and conservation planning recommended by the board's consultants. This is unconscionable.

Sincerely,

Donald Allan Kirk
