

SAVE OUR HERITAGE!

and protect our environment

URGENT!

The Connaught School, Regina. - Architect, Mr. J. H. Puntin; contractors, Parsons Building Company, Limited

Dear Minister,
Ecole Connaught Community School is Regina's oldest operating public school. It offers a golden opportunity to model:

- 21st century innovation in a historic setting
- Environmentally-friendly rehabilitation
- Fiscally responsible, respectful care of public property
- Respect for heritage and cultural memory
- An inspiring place to learn
- Best value for tax dollars

This century-old school in a heritage neighbourhood is slated for imminent destruction. Meet with your Ministry of Education colleagues **immediately** to find a better way! Turn our destructive, wasteful past into a sustainable 4R future: *Rehabilitate, Retrofit, Renovate, Reuse.*

Minister of Parks, Culture
and Sport
